Sculpture Trails Outdoor Museum - Where the Beauty of Art & Nature Collide - Sculpture Trails Outdoor Museum located in the rolling hills of Solsberry, Indiana is dedicated to bringing fine art and art education to the community in a non-intimidating, natural environment and through various hands on workshops.

The founder Gerard Masse is a native of Solsberry, IN and grew up among these very woods. It was just natural that he has brought fine art back to the land that inspired many wonderful sculptures of his own. Most of the sculptures on the property reflect the beauty of nature and natural forms.

Started in 2002 with only a few pennies, a dream and with the generous time of many volunteers and artist, Sculpture Trails Outdoor Museum has grown to proudly display over 40 different sculptures from artist from all over the world with many more pieces scheduled for installation in the future.

Even if you are not an avid art enthusiast, the natural trails offer something beautiful for everyone to discover. We hope you enjoy yourself on the trails and come away with an understanding of the importance of art in the community and an appreciation of how art contributes to our culture.
